

We create chemistry

November 19, 2020

Dear Distribution Partner,

Effective December 1, 2020 or as existing contracts permit, BASF Corporation's Intermediate Division will increase its selling prices in North America for the following product:

<b><u>Product</u></b>	<b><u>Increase Amount</u></b>
Propylene Carbonate	\$0.05/lb.

Please contact your BASF representative if you have any questions concerning this announcement. We appreciate the business we do together and look forward to the opportunity to assist you with future requirements.

Best Regards,
